Dear Mr. Martindale:

I would like to extend my heartfelt appreciation for your tireless contributions to the success of our first LA Arts Month. Your leadership and expertise helped us deliver the clear message that Los Angeles is indeed the Creative Capital of the World.

Your efforts received resounding support from the City's arts and civic leaders, artists, and community organizations that participated in this partnership. Thank you for being part of what I hope will become a new tradition in Los Angeles. It is vital we as a City take the time to showcase our vibrant arts community and encourage our residents and visitors alike to take advantage of all the arts and cultural opportunities we have to offer.

I look forward to your continued commitment and partnership. Our shared vision of connecting the City's diverse communities to the arts will lead us through the rest of the year until we can once again celebrate LA Arts Month in 2010!

Very truly yours,

ANTONIO R. VILLARAIGOSA
Mayor
