LA Art Show News

Thank you LA Art Show 2022 Partners!

The LA Art Show is pleased to acknowledge our wonderful partners for helping us produce such a spectacular event this year! Thank you to our corporate sponsor, Citibank, QR Technology partner Shiba, official charity partner, St. Jude Children's Research Hospital® and the many cultural partners, food and beverage partners, and media sponsors and partners who contributed so much to make the LA Art Show 2022 a great success!

Benefiting St. Jude

We're honored that St. Jude Children's Research Hospital® joined us for the seventh year as the exclusive Charity Partner of the LA Art Show in 2022. St. Jude Children's Research Hospital® is leading the way the world understands, treats and defeats childhood cancer and other life-threatening diseases.

The LA Art Show donates 15 percent of proceeds from ticket sales to St. Jude Children's Research Hospital®. Ticket purchases for our Opening Night Benefit and admission throughout the Show, support St. Jude in its life saving mission: Finding cures. Saving children®. Every dollar makes a difference. "In the past year, the LA Art Show raised more than \$100,000 toward the lifesaving mission of St. Jude, our long-time charitable partner and beneficiary," said Kassandra Voyagis, producer and director of the LA Art Show.

Thank you to our corporate sponsor, Citibank

Citi has been the official bank sponsor of the LA Art Show since 2019, providing truly impactful opportunities for exhibitors, artists, art lovers, and collectors on a global scale. This year, Citi returned to the 27th annual show with a continuation of their Citi space on the LA Art Show Floor, to exhibit a curated collection of artworks from three featured international galleries. This special exhibition extended the physical presence of these renown galleries, Beatriz Esguerra Art, Abend Gallery & Gallery 1261, and Neue Kunst

Gallery to provide collectors and attendees with new perspectives on the represented art and artists.

The 2022 Citi space on the LA Art Show Floor exhibited a dynamic curation of artists from around the globe from the featured galleries, and Citi also welcomed the gallerists to its stage for a series of live Gallerist Talks. The discussions covered several current topics including finding and nurturing emerging talents, being and succeeding in today's art world, and the creative process in art throughout generations. Hosted by Consuelo Eckhardt and MaryLinda Moss, co-curators, and producers of the LA Art Show Gallerist Talks Presented by Citi, the compelling conversations with the gallerists and their artists also focused on how artists inform the global conversation about the environment and a myriad of other important topics through their artwork.

Citi is proud to continue to foster an ongoing conversation with gallerists and artists to develop an even deeper engagement within the cultural community. We invite you to experience or revisit these captivating Gallerist Talks here: www.laartshow.com/citi/

PARTNERS

Beverage Partner: Asahi

We very much appreciate our partner Asahi Breweries for providing a delightful bar and beverage service on the floor of the LA Art Show during the Opening Night Premiere Party and throughout the five-day event! Tying in to the flavor of the show, Asahi also displayed

a dynamic NFT by artist, illustrator and comic book artist, Rob Prior. The Asahi bar provided a welcome place for visitors to stop for refreshments while viewing the show. Thank you Asahi!

QR Technology Partner: Shiba

For the first time, the LA Art Show partnered with Shiba Technologies, our Official QR Code Technology Partner for 2022. Shiba shared that they had an outstanding first year experience and are very excited about, and grateful to, their new gallery partners. The goal of Shiba's new technology brand is to enable galleries to easily connect to their collectors and seamlessly process sales. Through our new partnership, Shiba succeeded in achieving that goal.

The brand met and developed relationships with excellent domestic and international galleries at the LA Art Show. Shiba was able to fill the initial number of sign-up spots available to LA Art Show exhibiting galleries and more! New Shiba gallery partners also reported they were happy with Shiba's QR platform, and their collectors who used it were equally excited to have an instant and contactless way to learn about, and purchase art. Dave Ethridge, owner of LA Art Show exhibitor Abend Gallery, said he was pleased to use Shiba as a useful tool which led to more sales. "We were able to close sales that we wouldn't have ordinarily closed without Shiba," said Ethridge. "Shiba directly led to our biggest sale."
